

Name:	Sanctuary Cove George's Paragon Restaurant	Client:	Mulphur Sanctuary Cove
Site Location:	Sanctuary Cove Marine Village, Gold Coast	Year Completed:	2006
Value at Completion:	\$150,000		

Project Description:

Known as the Gold Coast's No.1 Seafood Restaurant, George's Paragon is beautifully placed in the marina village of one of the finest coastal living spots in Queensland, Sanctuary Cove.

Guests can literally drive their boats to lunch or dinner, dock in the marina and dine overlooking the picturesque harbour village.

Awarded the design & construction of the Air Conditioning plant and equipment to this 300 seat restaurant, Haden is proud to have been selected to work on one of the Gold Coast's premium locations.

Haden was chosen for this project not only because of our engineering capacity but also for our local presence and knowledge giving us the ability to resource under strict time constraints.

With a successful project completion in 2006 Haden have built a strong and positive rapport with the building owners and continue to provide preventative maintenance and repair works to the restaurant.

Providing maintenance to a restaurant means:

- Working in with the clients best times between service
- Being considerate of staff and patrons
- Ensuring to comply with OHS&E requirements
- Strict cleanliness and efficiency
- High level of customer service and professionalism
