

Name:	Crowne Plaza Royal Pines Resort	Client:	Royal Pines Resort
Site Location:	Ashmore Gold Coast	Year Completed:	Continuous maintenance contract
Value at Completion:	\$80k per annum		

Project Description:

Crowne Plaza Royal Pines Resort is renowned for its prestigious resort facilities including its 27 hole international standard golf course nestled in the heart of the Gold Coast, midway between the beaches of Surfers Paradise and rainforests of the hinterland.

One of Queensland's largest resorts, Crowne Plaza royal Pines Resort features 331 luxury rooms, Convention Centre, fully equipped health club, world class Angsana Spa, four restaurants and seven tennis courts.

Originally awarded the engineering contract to complete the design & construction of York centrifugal chillers and chilled water systems, Royal Pines Resort is now one of Haden's top long standing clients with a continuing maintenance contract.

Haden was awarded the contract because of their ability to work within tight time frames and still deliver quality workmanship and professional engineering solutions which made Haden stand out from its competitors.

Royal Pines Resort required engineering unit selection and system design along with the installation of chillers and chilled water systems.

Our service contract with the resort now includes:

- Maintaining the installed York chillers
- Maintenance of chilled water systems
- HVAC&R servicing
- Breakdowns & repair works

AIR CONDITIONING
