

**Name:** Qenos Manufacturing Plant

**Client:** Qenos

**Site Location:** Altona, Victoria

**Contract Duration:** Ongoing

**Project Description:**

The Qenos plant in Altona, Melbourne uses Australian oil and gas from Bass Strait and the Moomba Basin to produce olefins and a full range of polyethylene products.

Haden was awarded the maintenance contract due to our proven performance during many similar industrial type contracts and competitive pricing.

All reactive works are channelled through the Traralgon office and then distributed to technicians. Maintenance programmes are scheduled over an annual basis and all reporting is completed via three contract administrators.

Haden maintain and repair various air conditioning plant items on site.
