

<b>Name:</b>	Rosebery Mine	<b>Client:</b>	Zinifex
<b>Site Location:</b>	Rosebery Tasmania	<b>Contract Duration:</b>	Ongoing contract since 1996

**Project Description:** The Zinifex Rosebery Mine is a large, underground zinc mine with side products of silver, lead and gold. It is located at the town of Rosebery on the West Coast of Tasmania in Australia.

The mine has an annual milling design capacity of 850,000 tonnes.

Haden have carried out mechanical services maintenance and installation on all components at this site since 1996.

This includes the:

- ventilation shaft
- installation of a refrigeration plant to cool incoming air.

**OHS & Environmental Initiatives:** As a large industrial site, special safety and environmental requirements are adhered to with all Haden staff inducted in several areas of the plant.

**Personnel: (Construction)** Project Manager: Rick Gaffney - State Manager Tasmania  
Site Manager: Roger Middap - Northern Service Supervisor
